Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am now using a compound pharmacy for
an item that I need, to maintain a normal level
of functioning in my daily life. The item is something
that I can't get exactly, or I need it (correct
strength) from local pharmacies. I need it to
maintain a certain quality of life, without it I face
medical problems.
